PRELIMINARY POPULATION TOTALS

The first results of the 1956 Census of Canada are presented in this series of releases to show the preliminary counts of population as of June 1 for incorporated cities, towns and villages in each province, as well as for other types of municipally organized units within counties or census divisions, (e.g., townships, municipalities, parishes, municipal districts, local improvement districts, etc.).

The population totals issued in this preliminary series for 1956 are subject to revision. Final figures, which will include province, county, and electoral district totals, will be issued at a later date. The Bureau points out that anyone who has reason to believe that he or she has been omitted from the Census should notify the Dominion Bureau of Statistics immediately to this effect, and the matter will be investigated.

CHIFFRE PROVISOIRE DE LA POPULATION

Les premiers résultats du recensement du Canada de 1956 sont donnés dans la présente série de bulletins, qui contiendra les chiffres provisoires de la population, le 1^{er} juin, des cités, villes et villages constitués de chaque province de même que d'autres subdivisions organisées au point de vue municipal à l'intérieur des comtés ou des divisions de recensement (townships ou cantons, municipalités, paroisses, districts municipaux, districts d'améliorations locales, etc.).

Les chiffres de la population publiés dans la présente série provisoire pour 1956 sont sujets à révision. Les chiffres définitifs, qui comprendront ceux de la province, du comté et du district électoral, seront publiés plus tard. Le Bureau fait remarquer que toute personne ayant des raisons de croire qu'elle a été omise du recensement, doit en avvertir immédiatement le Bureau fédéral de la statistique pour qu'enquête soit faite.

PRELIMINARY POPULATION TOTALS

The first results of the 1956 Census of Canada are presented in this series of releases to show the preliminary counts of population as of June 1 for incorporated cities, towns and villages in each province, as well as for other types of municipally organized units within counties or census divisions, (e.g., townships, municipalities, parishes, municipal districts, local improvement districts, etc.).

The population totals issued in this preliminary series for 1956 are subject to revision. Final figures, which will include province, county, and electoral district totals, will be issued at a later date. The Bureau points out that anyone who has reason to believe that he or she has been omitted from the Census should notify the Dominion Bureau of Statistics immediately to this effect, and the matter will be investigated.

CHIFFRE PROVISOIRE DE LA POPULATION

Les premiers résultats du recensement du Canada de 1956 sont donnés dans la présente série de bulletins, qui contiendra les chiffres provisoires de la population, le 1^{er} juin, des cités, villes et villages constitués de chaque province de même que d'autres subdivisions organisées au point de vue municipal à l'intérieur des comtés ou des divisions de recensement (townships ou cantons, municipalités, paroisses, districts municipaux, districts d'améliorations locales, etc.).

Les chiffres de la population publiés dans la présente série provisoire pour 1956 sont sujets à révision. Les chiffres définitifs, qui comprendront ceux de la province, du comté et du district électoral, seront publiés plus tard. Le Bureau fait remarquer que toute personne ayant des raisons de croire qu'elle a été omise du recensement, doit en avvertir immédiatement le Bureau fédéral de la statistique pour qu'enquête soit faite.

PRELIMINARY POPULATION TOTALS

The first results of the 1956 Census of Canada are presented in this series of releases to show the preliminary counts of population as of June 1 for incorporated cities, towns and villages in each province, as well as for other types of municipally organized units within counties or census divisions, (e.g., townships, municipalities, parishes, municipal districts, local improvement districts, etc.).

The population totals issued in this preliminary series for 1956 are subject to revision. Final figures, which will include province, county, and electoral district totals, will be issued at a later date. The Bureau points out that anyone who has reason to believe that he or she has been omitted from the Census should notify the Dominion Bureau of Statistics immediately to this effect, and the matter will be investigated.

CHIFFRE PROVOISIRE DE LA POPULATION

Les premiers résultats du recensement du Canada de 1956 sont donnés dans la présente série de bulletins, qui contiendra les chiffres provisoires de la population, le 1^{er} juin, des cités, villes et villages constitués de chaque province de même que d'autres subdivisions organisées au point de vue municipal à l'intérieur des comtés ou des divisions de recensement (townships ou cantons, municipalités, paroisses, districts municipaux, districts d'améliorations locales, etc.).

Les chiffres de la population publiés dans la présente série provisoire pour 1956 sont sujets à révision. Les chiffres définitifs, qui comprendront ceux de la province, du comté et du district électoral, seront publiés plus tard. Le Bureau fait remarquer que toute personne ayant des raisons de croire qu'elle a été omise du recensement, doit en avvertir immédiatement le Bureau fédéral de la statistique pour qu'enquête soit faite.

CENSUS OF CANADA, 1956

DOMINION BUREAU OF STATISTICS
Census Division

RECENSEMENT DU CANADA, 1956

BUREAU FÉDÉRAL DE LA STATISTIQUE
Division du recensement

24-9-56

Preliminary Series No. 4 - Série provisoire n° 4

10 cents

PRELIMINARY POPULATION TOTALS

The first results of the 1956 Census of Canada are presented in this series of releases to show the preliminary counts of population as of June 1 for incorporated cities, towns and villages in each province, as well as for other types of municipally organized units within counties or census divisions, (e.g., townships, municipalities, parishes, municipal districts, local improvement districts, etc.).

The population totals issued in this preliminary series for 1956 are subject to revision. Final figures, which will include province, county, and electoral district totals, will be issued at a later date. The Bureau points out that anyone who has reason to believe that he or she has been omitted from the Census should notify the Dominion Bureau of Statistics immediately to this effect, and the matter will be investigated.

CHIFFRE PROVISOIRE DE LA POPULATION

Les premiers résultats du recensement du Canada de 1956 sont donnés dans la présente série de bulletins, qui contiendra les chiffres provisoires de la population, le 1^{er} juin, des cités, villes et villages constitués de chaque province de même que d'autres subdivisions organisées au point de vue municipal à l'intérieur des comtés ou des divisions de recensement (townships ou cantons, municipalités, paroisses, districts municipaux, districts d'améliorations locales, etc.).

Les chiffres de la population publiés dans la présente série provisoire pour 1956 sont sujets à révision. Les chiffres définitifs, qui comprendront ceux de la province, du comté et du district électoral, seront publiés plus tard. Le Bureau fait remarquer que toute personne ayant des raisons de croire qu'elle a été omise du recensement, doit en avvertir immédiatement le Bureau fédéral de la statistique pour qu'enquête soit faite.

PRELIMINARY POPULATION TOTALS

The first results of the 1956 Census of Canada are presented in this series of releases to show the preliminary counts of population as of June 1 for incorporated cities, towns and villages in each province, as well as for other types of municipally organized units within counties or census divisions, (e.g., townships, municipalities, parishes, municipal districts, local improvement districts, etc.).

The population totals issued in this preliminary series for 1956 are subject to revision. Final figures, which will include province, county, and electoral district totals, will be issued at a later date. The Bureau points out that anyone who has reason to believe that he or she has been omitted from the Census should notify the Dominion Bureau of Statistics immediately to this effect, and the matter will be investigated.

CHIFFRE PROVISOIRE DE LA POPULATION

Les premiers résultats du recensement du Canada de 1956 sont donnés dans la présente série de bulletins, qui contiendra les chiffres provisoires de la population, le 1^{er} juin, des cités, villes et villages constitués de chaque province de même que d'autres subdivisions organisées au point de vue municipal à l'intérieur des comtés ou des divisions de recensement (townships ou cantons, municipalités, paroisses, districts municipaux, districts d'améliorations locales, etc.).

Les chiffres de la population publiés dans la présente série provisoire pour 1956 sont sujets à révision. Les chiffres définitifs, qui comprendront ceux de la province, du comté et du district électoral, seront publiés plus tard. Le Bureau fait remarquer que toute personne ayant des raisons de croire qu'elle a été omise du recensement, doit en avvertir immédiatement le Bureau fédéral de la statistique pour qu'enquête soit faite.

PRELIMINARY POPULATION TOTALS

CHIFFRE PROVISOIRE DE LA POPULATION

The first results of the 1956 Census of Canada are presented in this series of releases to show the preliminary counts of population as of June 1 for incorporated cities, towns and villages in each province, as well as for other types of municipally organized units within counties or census divisions, (e.g., townships, municipalities, parishes, municipal districts, local improvement districts, etc.).

Les premiers résultats du recensement du Canada de 1956 sont donnés dans la présente série de bulletins, qui contiendra les chiffres provisoires de la population, le 1^{er} juin, des cités, villes et villages constitués de chaque province de même que d'autres subdivisions organisées au point de vue municipal à l'intérieur des comtés ou des divisions de recensement (townships ou cantons, municipalités, paroisses, districts municipaux, districts d'améliorations locales, etc.).

The population totals issued in this preliminary series for 1956 are subject to revision. Final figures, which will include province, county, and electoral district totals, will be issued at a later date. The Bureau points out that anyone who has reason to believe that he or she has been omitted from the Census should notify the Dominion Bureau of Statistics immediately to this effect, and the matter will be investigated.

Les chiffres de la population publiés dans la présente série provisoire pour 1956 sont sujets à révision. Les chiffres définitifs, qui comprendront ceux de la province, du comté et du district électoral, seront publiés plus tard. Le Bureau fait remarquer que toute personne ayant des raisons de croire qu'elle a été omise du recensement, doit en avvertir immédiatement le Bureau fédéral de la statistique pour qu'enquête soit faite.

CENSUS OF CANADA, 1956

RECENSEMENT DU CANADA, 1956

DOMINION BUREAU OF STATISTICS

Census Division

BUREAU FÉDÉRAL DE LA STATISTIQUE

Division du recensement

6-11-56

Preliminary Series No. 6 Série provisoire no 6

10 cents

PRELIMINARY POPULATION TOTALS

The first results of the 1956 Census of Canada are presented in this series of releases to show the preliminary counts of population as of June 1 for incorporated cities, towns and villages in each province, as well as for other types of municipally organized units within counties or census divisions, (e.g., townships, municipalities, parishes, municipal districts, local improvement districts, etc.).

The population totals issued in this preliminary series for 1956 are subject to revision. Final figures, which will include province, county, and electoral district totals, will be issued at a later date. The Bureau points out that anyone who has reason to believe that he or she has been omitted from the Census should notify the Dominion Bureau of Statistics immediately to this effect, and the matter will be investigated.

CHIFFRE PROVISOIRE DE LA POPULATION

Les premiers résultats du recensement du Canada de 1956 sont donnés dans la présente série de bulletins, qui contiendra les chiffres provisoires de la population, le 1^{er} juin, des cités, villes et villages constitués de chaque province de même que d'autres subdivisions organisées au point de vue municipal à l'intérieur des comtés ou des divisions de recensement (townships ou cantons, municipalités, paroisses, districts municipaux, districts d'améliorations locales, etc.).

Les chiffres de la population publiés dans la présente série provisoire pour 1956 sont sujets à revision. Les chiffres définitifs, qui comprendront ceux de la province, du comté et du district électoral, seront publiés plus tard. Le Bureau fait remarquer que toute personne ayant des raisons de croire qu'elle a été omise du recensement, doit en avvertir immédiatement le Bureau fédéral de la statistique pour qu'enquête soit faite.

PRELIMINARY POPULATION TOTALS

CHIFFRE PROVOISIRE DE LA POPULATION

The first results of the 1956 Census of Canada are presented in this series of releases to show the preliminary counts of population as of June 1 for incorporated cities, towns, villages, municipalities, townships, parishes, etc., in each province. The present release gives preliminary totals for Census Metropolitan Areas (i.e., as defined for census purposes), and shows the populations of their component parts, with comparative figures for 1951 adjusted to the 1956 boundaries. Similar totals are shown also for those localities classed in the census as "Other Major Urban Areas".

The population totals issued in this preliminary series for 1956 are subject to revision. Final figures, which will include province, county, and electoral district totals, will be issued at a later date. The Bureau points out that anyone who has reason to believe that he or she has been omitted from the Census should notify the Dominion Bureau of Statistics immediately to this effect, and the matter will be investigated.

Les premiers résultats du recensement du Canada de 1956 sont donnés dans la présente série de bulletins, qui contient les chiffres provisoires de la population, le 1^{er} juin, des cités, villes, villages, municipalités, townships ou cantons, paroisses, etc., constitués dans chaque province. Le présent bulletin donne le chiffre provisoire de la population des zones métropolitaines (suivant la définition employée dans le recensement) ainsi que celui de leurs parties constituantes et les chiffres comparatifs de 1951 rectifiés suivant les limites de 1956. Le bulletin contient aussi des chiffres à l'égard des localités classées "Autres principales régions urbaines" pour les besoins du recensement.

Les chiffres de la population publiés dans la présente série provisoire pour 1956 sont sujets à revision. Les chiffres définitifs, qui comprendront ceux de la province, du comté et du district électoral, seront publiés plus tard. Le Bureau fait remarquer que toute personne ayant des raisons de croire qu'elle a été omise du recensement, doit en avvertir immédiatement le Bureau fédéral de la statistique pour qu'enquête soit faite.
